

## NELSON VICTOR OVER HANLON

### Referee So Decides in Nineteenth Round.

Little One of the Fiercest  
Ever Witnessed in San  
Francisco.

Was Almost an Even Thing Until  
the Fifteenth. With Boys  
Fighting Fiercely.

SAN FRANCISCO, July 30.—In one of the fiercest battles ever witnessed in this city, Billy Nelson of Chicago last night defeated Eddie Hanlon of San Francisco, and ending in the nineteenth round, the time of the ring of the signal for the commencement of the fight, the pugilists began mixing things in the ring. Hanlon fought in his best fashion, but the Chicago lad early neutralized the guard of the Californian, and bore several facial marks before the

round, testifying to the accuracy and force of his opponent's blows. It was almost an even thing until the fifteenth, the boys fighting fiercely. After the fifteenth the tide of battle began to turn toward Nelson, who, throughout, though very heavily punished, kept on fighting. Every month later, the referee, who had manifested his usual sense of endurance and assimilation of punishment, the sound of the gong at the end of the eighteenth round saved Hanlon from defeat at that period, but in the next round he came up so badly dazed that Nelson had him at his mercy, and was battering him around the ring until he had become so helpless that the referee made a protest against the continuance of the now one-sided fight. Immediately with a signal from the police to the referee to stop the contest, Hanlon was thrown into the ring from Nelson's corner, and Referee Billy Roche throughout the fight, the blows of Nelson did not have any apparent effect upon Hanlon, who came up and fought manfully to the end. He always carried the battle to the other side's territory. At the conclusion he did not appear to be hurt, while Hanlon's face was bleeding and cut.

## HOOD AND SHASTA.

Question as to Whether Summits Are  
Visible From Each Other.

REDDING, Cal., July 30.—It is believed that the question of whether the summits of Mount Hood in Oregon and Mount Shasta, in this State, are visible from each other will be determined Monday through the efforts of the Portland team. A number of men of that organization arrived in Portland today, and prepared to climb Mount Shasta and prepare for experiments Monday. Sun flashes will be made from the peaks of the two mountains throughout Monday. That night the crowd on Mount Hood will burn ten pounds of flash powder at exactly 9:30 o'clock. The watchers on the summit of Mount Shasta will wait until 9:45 o'clock and then burn ten pounds of red fire in the hope that it will be seen on Shasta's summit.

## ADMITTED TO BAIL.

Federation of Miners Wins First  
Round in Court.

CRIPPLE CREEK, Colo., July 30.—The miners for the Western Federation of Miners, won the first round today in the case of the Federal Government against the miners, charged with conspiracy in the Independence disaster and the street fight in Victor on June 2. Not only were the men who were released at first, but the ball of the miners was in some cases, and in others more than half. Bonds were fixed for the forty-six men incarcerated and for the release of the others all a sum of \$10,000 will be required.

## Have Gone to Portland.

TACOMA, Wash., July 29.—The Commercial commission on the merchant marine listened to delegations from Rougemont, Bellingham and other cities today and concluded their session here, leaving for Portland this afternoon.

## PROTECTING STOCKHOLDERS

Court Will Prepare Decree in Northern Securities Case.

WILMINGTON, Del., July 30.—Argument was heard before Judge Bradford in the United States Circuit court Friday on the form of a decree to be issued in the Northern Securities case, the court having decided recently that an order could issue granting a temporary injunction restraining the Northern Securities company from making a pro-rata distribution of its assets. The Northern Securities company was represented Friday by Ellhu Root and F. L. Stetson and Judge R. F. Levitt, R. V. Landerbury and Maxwell W. Everts represented the Harriman-Pierce-Oregon Short Line interests. Mr. Levitt had prepared a decree which was submitted to the court. Mr. Root objected to the form of decree and wanted it framed so that the Northern Securities company could pay a dividend out of the funds it has now on hand and also to distribute the stock except what is tied up in this particular case.

Judge Bradford held that this could not be done, as it was the duty of the court to protect the stockholders and retain all funds on hand until the final disposition of this case. He told the attorneys that he would prepare a decree and that it would be filed in Trenton some time next week.

## ROTTEN LIFE PRESERVERS.

Out of Fifteen Hundred on Steamer  
130 Were Good.

NEW YORK, July 30.—The equipment of the steamer Grand Republic, sister ship to the Gen. Slocum, was 325 life preservers short when she was inspected early this year, according to the testimony of Peter C. Petrie, an assistant hull inspector, at today's session of the Federal commission's investigation of the Slocum disaster. The inspector said that when he reported the matter to Captain Pease the latter replied: "I've got lots of them between decks." "I went to a cabin in the forward part of the boat between decks," testified the inspector, "and found between 1200 and 1500 life preservers. I made the hand them to me one by one and I looked every one over. Out of the whole lot I found only 130 that I passed." Petrie said he did not order the condemned preservers destroyed, as he had no authority to do so, but he suggested to the captain that it would be a good plan to get them out of the way. He saw Capt. Pease a month later, when the captain told him in reply to a question, that he still had the condemned life belts on board his steamer.

## COURT LACKED AUTHORITY.

Temporary Injunction Vacated by  
Justice Blanchard.

NEW YORK, July 30.—Justice Blanchard today, in the Supreme court, handed down an opinion in which he vacates a temporary injunction restraining the prosecution in the United States Circuit court of Montana of an action brought by the Johnstown Mining company against E. Rollins Norrie and other defendants in certain proceedings to punish the defendants for contempt of court. An order had been granted directing Norrie and other defendants to show cause why they should not be punished for contempt of court in violating an injunction issued here enjoining them from proceeding with the prosecution of a suit in Montana. Justice Blanchard says that the Supreme court in New York has no authority to restrain the Federal court in Montana from making any order it chooses, and therefore vacates the injunction.

## ARRANGING FOR MONEY.

World's Fair Management Figuring  
on Loan of Million.

ST. LOUIS, July 30.—A rumor became current today that the World's fair management was negotiating for a loan of \$1,000,000 from various financial institutions of St. Louis. President D. R. Francis made the following statement to the Associated Press: "The exposition committee does not owe one dollar to any financial institution in St. Louis or elsewhere, nor has it borrowed any money since it procured from the Federal Government the loan of \$500,000 in February last. To provide for emergencies, however, negotiations have been had with some of the banks and trust companies of the city, and the option of a loan to the extent of \$1,000,000 in the event it should be required has been secured. The collateral that will be given for this loan, if taken, will be very acceptable to the financial institutions." A meeting of the exposition officials was held at the downtown headquarters of the exposition company today, and the matter of negotiating a loan, it is understood, was under consideration.

## BANKERS TO ORGANIZE.

Call for Meeting of Montana Finan-  
ciers at Helena.

BUTTE, Mont., July 30.—M. B. Greenwood, president of the Daly Bank and Trust company of Anaconda, has issued a call to the various bankers of Montana to meet in Helena in October and organize a State Bankers' association. Governor J. K. Toole will make the address of welcome. There are eighty-seven banks in Montana, of which thirty-seven have signified their intention to join union.

## PICK-UP—FIRST EDITION ONLY

Washington, July 30.—Capt. Henry Ware Lyon has been selected to succeed Rear-Admiral Terry in command of the naval station at Honolulu in anticipation of the latter's retirement next December.

## Hailed as Great Victory.

ST. PETERSBURG, July 3.—President of the Municipal Council will return today from Berlin. His success in concluding the Russo-German commercial treaty is hailed as a great victory.

## PARKER AND THE MORMONS

### Question Is Discussed at Rosemount.

Democratic Candidate and  
Senator Dubois Talk Over  
the Matter.

Mahoon Anxious to Have It Taken  
Up in the Judge's Letter of  
Acceptance.

ESOPUS, N. Y., July 30.—The Mormon question was taken up with Judge Parker by Senator Fred Dubois of Idaho. The Senator was chairman of the Idaho delegation at the St. Louis convention. This delegation was instructed by Hearst but Senator Dubois announced a change of vote before the result of the first ballot could be announced. The Senator met the Presidential candidate for the first time yesterday.

## Discuss Mormon Question.

Judge Parker was so much interested in political conditions in Western States that he did not give Senator Dubois an opportunity to broach his mission until the arrival of Mayor McCrellan of New York and his party, who called for an hour. After the New York party left Rosemount, Senator Dubois asked Judge Parker to take up the Mormon question as set forth in the Democratic platform, in his letter of acceptance of the Democratic nomination. Judge Parker exhibited great interest in the subject and promised to make it a study before closing his letter.

## Conditions in West.

Conditions in several of the Western States, Senator Dubois said, gave the Democrats a good chance of success. He mentioned particularly Idaho, Colorado, Montana and Nevada. In Washington he has been settled that former Senator George W. Turner will be nominated for the Governorship. There is a local fight on in Washington over an effort to compel the railroads to pay their just share of taxation, which Senator Dubois declared would weaken the Republican party and, added to the personal popularity of Senator Turner, would enable the Democrats to carry Washington.

## Smoot Inquiry.

Senator Dubois, who is a member of the committee on privileges and elections, which conducted the investigation of the protests against the seating of Senator Reed Smoot of Utah in the Senate, announced that the investigation would be continued in Utah soon after the election. It is likely that the committee will also visit Mormon settlements in Idaho, where special inquiry will be made into the subject of church domination of politics. The investigation was started early in the last session of Congress and continued until adjournment. The committee obtained authority from the Senate to continue the investigation in any part of the United States where in the opinion of the chairman it is necessary to go.

## Taggart Consults Gorman.

NEW YORK, July 30.—Chairman Taggart of the National Democratic committee left the Hoffman house today to consult Senator Gorman about the membership of the executive committee. Some of the leaders have urged that the executive committee be named at once so that campaign work will not be delayed.

## STATE NEWS

MEMBERS OF FAMILY GO  
TO LAW OVER PROPERTY

Special to The Tribune.

OGDEN, July 30.—Joseph Chex, attorney for Mrs. Mary Eastman, brought suit against Mrs. Celestia Roher Roher and George Rose, asking to have a certain deed set aside. The plaintiff and defendants are the children of the late William Rose, and is alleged the last prior to the death of the defendant, by fraud and collusion, procured from said William Rose a deed for certain property; that at the time said William Rose was incompetent and unable to comprehend what he was doing.

George Halverson and James N. Kimball, attorneys for G. A. Fuller, D. L. Colvin and U. B. Stallings, have brought suit against Milo Sharp, Joseph Carver and Joseph Stevenson, to restrain the latter from interfering in any way with the waters of the north fork of Ogden river. The complaint alleges that the Eden Irrigation district has the prior right to said water, having used the same continuously since 1881, that recently defendants tore away the dam which diverts the water into plaintiff's canal, turning it back into the main channel. A temporary restraining order was issued by Judge Rolapp.

Mayor Glasman has put the final quietus upon the city council wrangle over the contract in sewer district No. 2, by affixing his signature to the Kelly contract.

Dr. H. B. Forbes, county physician, who underwent an operation for appendicitis last night, is reported much improved this afternoon.

Peter Otteson, who was killed by an Oregon Short Line switch engine in the Ogden yards last week, came to his death through his own negligence, according to the verdict of the coroner's jury rendered this morning.

The jury consisted of William Raymond, M. J. West and H. A. Shupe, and the hearing took place before Judge Howell. John Murphy, the fireman, and Alexander Baxley, a switchman, both testified that as soon as they saw Otteson on the track they called to him but instead of jumping off the track he became confused and sprang directly in front of the engine.

Mrs. Sarah Brown and Mrs. Ada Brown testified to having witnessed the accident and that the engine gave no warning to Otteson of its approach.

The administrator of the estate of a contributory negligence and exonerated the railroad company from all blame.

A man whose name was not learned said the Southern Pacific, after the points in the art of beating railroad companies. When No. 4 pulled in from the West today one of the dining-car lockers was opened and a man was found standing in one corner of the car, concealed by a coat that hung just within the door. The fellow had ridden this way all the way from Oakland, Cal., to Ogden, and intended to proceed in that manner to St. Louis. He had hired a porter for \$10 to conceal him in the closet.

Another big damage suit was filed today as the result of the Jackson explosion on February 19 last. C. C. Richards, representing James Katsenias, a Greek, administrator of the estate of George Katsenias, who was killed in the explosion, brings suit against the Southern Pacific for the sum of \$200,000. The administrator is a brother of the deceased and the heirs are a widow and minor child residing in Greece.

Rev. Samuel Blair returned today from the East.

Judge Dee and two daughters and Judge Rolapp left today for California.

Judge Thomas D. Dee, president of the board of education, is to have his work for the up-building of the Ogden schools perpetuated by a magnificent new building to be erected on Twentieth street.

For thirty-five years Judge Dee has been connected with the Ogden schools, and has been one of the most ardent supporters, devoting his time for the advancement of education. Some weeks ago the board decided to erect a new building, but a name for it had not been selected. Judge Dee has gone to California and was not present at the board meeting, so tonight H. W. Phillips, of the Fourth ward, noticing the Judge's absence, addressed the board, recounting the Judge's long work for the new schools and moved that the new building be known as the Dee building. The motion was carried unanimously.

The following extra teachers were employed: Henry Barker, Jr., James L. Barker, Eva L. Busch, Gertrude Kennedy, and High school was accepted.

The board elected Clarence Stevens to one of the vacant scholarships at its disposal in the Utah State Normal school.

The police were called to the Rio Grande yards tonight by a reported hold-up. The name of the victim was not learned, but two men, going by the name of Earl Hargis and Ed Gunter, were arrested for the offense.

## Hay Crop Damaged by Rain.

Special to The Tribune.

COALVILLE, July 30.—A terrific wind and rainstorm struck here last night at about 7 o'clock, and for nearly an hour the rain came down in torrents. Quite a number of shade trees were broken down and a large amount of hay and grain that was heavy was blown flat on the ground. The greatest damage will be to the hay crop, as thousands of tons have been cut this week.

The funeral services over the remains of Mrs. Sarah Wilde were held from the estate tabernacle yesterday afternoon. The services were beautifully decorated with potted plants, white drapery, etc. The speakers were Elders W. W. Cluff, Alma Eldridge, George Beard and F. H. Wright.

Thomas Wilde of Blackfoot, Ida., who came down to attend the funeral of his mother, Mrs. Sarah Wilde, helped to build the first house ever erected in Coalville, and was the first to live there. He is now a number of years, and he was surprised to see the many changes made.

## Lightning Destroys a Barn.

Special to The Tribune.

GUNNISON, July 30.—During a severe electric storm which passed over this place last night the stable of Carl Moden was struck by lightning and set on fire. The heavy rain that came down and the help of neighbors who hurried to the scene, the fire was confined to the stable. Fortunately Mr. Moden's team of horses and a row and calf were not hurt by either the fire or the lightning, although they were in the stable at the time it was struck.

## Contract Let for Electric Wiring.

Special to The Tribune.

AMERICAN FORK, July 30.—The contract for the electric wiring of the Second ward meeting-house has been let to Joseph Durrant of this place. Two bids were received on the work, those of McKieley of Lehi and Durrant of American Fork.

## FOREST FIRES RAGING.

Dozen Blazes Destroying Valuable  
Timber in Montana.

KALISPEL, Mont., July 30.—A dozen fires are raging in different portions of timbered regions in the Flathead country, and the damage done already is great. Forest Supervisor Haines has all the men he is allowed to employ, and has been furnished with sixty additional men by the Great Northern railroad to fight the fire at Belton. He checked the fire on the north side of the track, but the fire on the south side is raging. Several hundred acres of timber have been destroyed.

There is a serious fire on the north fork of the Flathead river, just south of the Kintla lake fields, and unless this is soon checked great damage will be done to growing timber. Other fires are raging within the county and are being fought by those living near.

A fire at Athens, just west of Kalispel, has been burning for six days, and at one time threatened destruction of a large sawmill and of Huntley and Schagel. Another fire is doing much damage at Marlon, another at the east end of Haskell tunnel and one west of the tunnel, while still another is in the fire timber near Atlantic.

Another large fire has made its appearance in the east part of the county, burning valuable pine timber. Fires are burning seven miles northwest of Kalispel and still others have broken out in the timber east of the Kootenai range. With all these fires raging at the same time the whole region is covered with smoke so dense that at times the sun is obscured. It is estimated that at least 50,000 acres of timber have already been burned over.

## BRIDE OF MONTH DROWNS.

Mrs. Fred Cole Loses Her Life in the  
Bear River.

Special to The Tribune.

EVANSTON, Wyo., July 30.—Mrs. Fred Cole, nee Alice Martha, a daughter of Mrs. Robert Faddis by a former marriage, was drowned in Bear river this afternoon. She was a young woman, 22 years of age, and was married to young Cole only four weeks ago. In company with Misses Pearl and Anna Hoyt of this city, who were visiting at the Cole ranch, the three went bathing. They were wading in shallow water, when they stepped off into a deep hole. Neither could swim, and all were nearly drowned. Mrs. Hoyt, mother of the two girls, was on the bank and by extending a fishing pole managed to land Pearl and Anna. Help was called and Mrs. Cole's body was recovered an hour later.

## LEHI WINS DECIDING GAME.

American Fork Loses Third Game of  
Series by Score of 6 to 16.

Special to The Tribune.

AMERICAN FORK, July 30.—The third game of baseball, which constituted a series of three, was played at Lehi this afternoon. The game was the deciding one, American Fork and Lehi each having one to their credit. Taylor and Deas were the battery for Lehi and Turner and Theriot for American Fork. The game was strictly a pitchers' battle, each to each twirler can be given a great deal of credit.

The first game was played at Lehi, where the home team won by a score of 10 to 9. The second game, which was played at American Fork, was lost to the visitors by a score of 7 to 8. The second game was the most hotly contested game of the three, drawing a crowd of more than 200 persons, the largest number ever witnessed any single event in American Fork.

The third game was played today and resulted in a score of 16 to 6 in favor of Lehi. The game was the least interesting of the three, played at the American Fork team were to pieces in the sixth inning by a demoralizing decision of the umpire which caused a delay of forty-five minutes. Lehi thus won the series, which was bet on the outcome.

The umpire, Fred Wanless, who did the umpiring at American Fork, made many just decisions.

The following is the line-up: Lehi, Theriot, Turner, Taylor, Smith, Turner, Duncan, Taylor, Evans, Yauldrie, Taylor, Skelley, Dunkey, Taylor, Jackson, Taylor, Shelley, Taylor, If, Taylor, Taylor, Singleton, Taylor, W. Whipple, King, Taylor, Taylor, Whipple.
